What garden is complete without this Queen of Flowers? Vying with the Rose for the place in the floral kingdom it shares the throne in equal matchless beauty. The Lily bulbs we furnish are all and every one of flowering size. In the flower garden Lilies rank first in importance. Their stately, matchless beauty of form and coloring are unequalled and almost all possess a delicious perfume. For general effect they have no rivals.

The lily bulbs we offer are all **HARDY**, easy of cultivation, and can with few exceptions be left undisturbed for years, increasing with every season.
